6.00JUPITER

Moonen 75 (75ft/1999)

Design / Naval architecture: Mulder Design, Gorinchem, Holland

Builder: Moonen Shipyards b.v., 's Hertogenbosch, Holland

Dimensions:

Length overall: 22.86 metres

Length on waterline: 18.85 metres

Beam overall: 6.00 metres

Draught, half load: 1.45 metres

Displacement, half load: 56 tonnes

Design:

Hull: Half-glider, hard-chine

Stern: Transom with bathing platform

Keel: Duct keel

Tanks: Integrated in double bottom

Construction:

Plating Aluminium AlMg4,5Mn H321

Superstructure Aluminium AlMg4.5Mn / AlMgSi 0.5-1

Tank Capacities:

Fuel (3 tanks) 12,300 litres

Freshwater 3,300 litres

Blackwater 700 litres

Grey water 250 litres

Performance:

Top speed 23.0 knots

Continuous speed 20.0 knots (half load)

Range at economy speed 1,000 nautical miles @ 12 knots

Machinery:

Main engines Twin Caterpillar 3412C DI-TTA MK1 12-cylinder diesel, rated at 1,007 kW each @ 2300 rpm. Approximately 1500 engine hours now. Hydraulic gearboxes ZF type BW 190 A, 2.448 :1. Start and stop controls and alarms at steering positions.

Generators One 16-kW G & M, approximately 2500 engine hours now. One 12-kW G & M, approximately 2500 engine hours now. Both gensets mounted in a sound-shield box.

Air-conditioning Climma CWS722, 72,000 Btu. Throughout the boat, with controls in every compartment.
